32 South Main Street  
Middleborough, MA 02346  
(508) 947-1371

Issue Date: September 1, 2000  
Effective Date: September 1, 2000  
Filed By: James W. Smith, General Manager

## M.D.P.U. No. 158

(cancels M.D.P.U. No. 149)

### Large General Service - Schedules C-40, I-40

#### RATES

**Customer Charge:** \$50.30 per month per meter.\*

**Demand Charge:** \$8.50 per kW of billing demand.

**Energy Charge:** All kWh at \$0.0300 per kWh

**Minimum Charge:** The minimum charge shall be the Customer Charge plus the Demand Charge based on the Billing Demand

\*includes state-mandated Energy Conservation Service Charge of \$0.30.

**Determination of Billing Demand:**

The kW billing demand shall be the highest average 15 min. kW demand during the month.

**Billing Demand Adjustment:**

The Department may adjust the Customer's billing demand to correct for a customer power factor below 90% as follows:

$$\text{Adjusted Billing Demand} = \frac{\text{Billing Demand} \times 90\%}{\text{Actual Power Factor (in percent)}}$$

The power factor calculations will be at the time of maximum demand or based on a monthly average, whichever is lower.

{Actual bill lists the following rate classifications. Here are their descriptions:

Code 401	Large General Service no additional credits
Code 402	Large General Service Primary only – 2% additional credit
Code 403	Large General Service Transformer only – 2% additional credit
Code 404	Large General Service Primary & Transformer– 4% additional credit}

#### TERMS OF CONTRACT

**Available** to customers whose average demand exceeds 200 kilowatts. A new customer will begin service on this rate if the Department estimates that its average demand will exceed 200 kilowatts. A customer may be transferred from this rate at the Department's option if the customer's twelve (12) month average demand is less than 200 kilowatts for three consecutive months.

**Term of Contract:** Customers served under this rate must provide the Department with three (3) years prior written notice before: (1) purchasing, allowing to be purchased, or using electricity from any source other than the Department; or (2) installing or allowing to be installed for its use a non-emergency generator with a nameplate capacity greater than that in place on the customer's location as of July 1, 1995.

**Primary Service:** When a customer takes service at the Department's available primary voltage and furnishes and maintains the necessary transforming, switching and protective equipment, a discount of 2% will apply to the monthly charge excluding purchase power.

Where the service is metered at the Department's primary voltage (primary side of transformer), the kilowatt-hour charge shall be reduced by 2%.

**Purchase Power Adjustment (M.D.P.U. No.151):** Will be applied to all kilowatt-hours.

**Prompt Payment Discount:** 10% of monthly charges; (excluding purchase power) if paid by the discount date.

**Late Payment Charge:** Rate of 1.5% per month (annual rate – 18%).
